Follow ALL signs to **STARTZVILLE… (on the WEST side of CANYON LAKE)**

DIRECTIONS FROM **STARTZVILLE to** CANYON LAKEVIEW RESORT*

Go thru Startzville, PAST the Dairy Queen on FM 2673. Continue a few miles of open road to an intersection with BOTH an Exxon and Valero gas station ON YOUR RIGHT. Turn RIGHT DRIVING BETWEEN the Valero and Exxon, onto OBLATE Dr. SET YOUR ODOMETER! THEN… go 1.4 miles on Oblate to the SECOND fork in the road veering LEFT ANG UPHILL onto "Scenic Dr." (turning left just after the large sign on the right that says "Canyon Lake Civic Center.")

Once on Scenic Drive, you can KEEP following the Boat Ramp #7 (brown signs). DO NOT GO TO "Boat Ramp #6"… you will get lost and GPS's WILL LEAD YOU DOWN DEAD-END ROADS. Follow THE ARROWS on the "Boat Ramp 7" signs (not the road the sign may be posted at but—FOLLOW the ARROWS DIRECTION ON THE SIGN!)

While watching the boat ramp # 7 signs you will make a few turns and you will curve left and right—a lot. BUT have faith and FOLLOW the ARROWS >>>>>>>>>>>>>>>>>>>

When you get to Ledgerock—across the intersection you will see the "Canyon Lakeview Resort" rock sign dead ahead (in front of your headlights) and in front of our first Cathedral Cabin. Continue vering slightly left following the road and look for our remaining cabin (dirt road) to your right a few hundred feet past out sign OR our Lodge Building (the ONLY LARGE two story building anywhere within miles—straight ahead a hundred feet PAST the dirt road and JUST the other side of the "Boat Ramp #7" turn sign).

Congratulations! You made it to the end of the peninsula, Boat Ramp #7 AND Canyon Lakeview Resort (all in one day!)
